**Item 2: 1% for Art Enhancements to Nebraska History Museum**

In previous review discussions of the History Museum renovations, it was mentioned that the process will include a “1% for Art” enhancement. That process includes soliciting proposals and selecting a designer and concept, prior to creating the actual enhancement project. John Kay will present information to the Commission on the selected concept, seeking input from the Commission prior to the design development and submission for approval of a Certificate of Appropriateness.
